11.2 Consideration of Ordinance #20-977 authorizing the Executive Director to execute administrative discretion on emergency actions and policies for the continuity of operations for 90 Days during the COVID-19 pandemic including granting regular IMRF part-time and full-time employees up to two-weeks of paid emergency leave if facilities are closed due to the COVID-19 pandemic.

A motion was made and read aloud by Vice President Brandt, seconded by Trustee Fritz, to pass Ordinance #20-977 authorizing the Executive Director to execute administrative discretion on emergency actions and policies for the continuity of operations for 90 Days during the COVID-19 pandemic including granting regular IMRF part-time and full-time employees up to two-weeks of paid emergency leave if facilities are closed due to the COVID-19 pandemic as presented.

Trustee Cook stated that the District should be fully compliant on all contracts and policies but not beyond what is required, and should not be providing benefits to employees that are not available by the general population. Secretary Campbell stated that this is unusual times and that the federal government has similar plans to take effect on April 1, 2020. Executive Director Kessler confirmed that federal legislation known as the Families First
Coronavirus Response Act (FFCRA) was signed by President Trump on March 18, 2020.

President Scacci stated that the Board of Trustees is very aware this affects all the employees. He then read a prepared statement which highlighted that meetings were streamlined to one per month and that his goal and that of the Executive Director is to keep all staff actively working until a government official tells us otherwise. He noted that 49 full-time team members are working remotely as of this evening; 14 part-time and 16 fulltime employees are working in the field including Police, Rangers, Maintenance, Wildlife Resource Center staff and Mechanics. Governor Pritzker determined our industry to be essential and that will carry us through the Emergency Stay at Home orders. The federal legislation kicks into action in certain circumstances related to the employee or the employee’s family members becoming ill with the COVID-19 virus. He noted that a decision on paying employees who are not working under an emergency closing policy does not yet need to be made. Employees can use sick leave and FMLA for qualifying events. He recommended approving of the sick leave bank extension.

Trustee Cook stated that no one can predict what is coming and that Board members should be available for special call meetings if needed to act on specific questions.

Trustee Campbell emphasized the intention of the Ordinance to provide protection for the Executive Director and staff to continue to provide day to day operations and management in a worst case scenario.

Executive Director Kessler thanked the staff for the work they have been doing and noted that some agencies had paid their people to do nothing but our staff has continued to work hard.

The question was called.

A roll call vote gave the following results: Cook-no, Brandt-yes, Thomas-no, Henning-abstain, Fritz-no, Campbell-yes, Scacci-no.

Motion failed by a vote of 4 to 2 with 1 abstention.

Secretary Campbell brought up the need for a discussion on governance and thought the board had understood their role.

Attorney Puma stated that one of the affirmative voters could move to reconsider the motion to allow for further discussion or a motion to suspend the rules could be made. No motion to reconsider was put forth.

A motion was made by Trustee Cook, seconded by Trustee Thomas, to suspend the rules and allow the discussion of a portion of the original Ordinance #20-977. A roll call vote gave the following results: Fritz-yes, Cook-yes, Brandt-no, Thomas-yes, Campbell-no, Henning-yes, Scacci-yes.

Motion passed by a vote of 5 to 2.

Discussion followed regarding the Health Emergency Supplement to the Personnel Policy Manual and the extension through December 31, 2020 of this supplement to align with the federal FFCRA. The consensus was that the balance of the proposed Ordinance 20-977 was acceptable and that the
reference to up to two weeks of pay for emergency closures was not acceptable.

A motion was made by Trustee Cook, seconded by Treasurer Henning, to pass Ordinance #20-977 including the temporary changes to Personnel Policy 10.05 Sick Leave, 11.12 Sick Leave Bank, and Appendix M-Sick Leave Bank extending through December 31, 2020 as revised. A motion was made by Vice President Brandt to adopt Resolution #20-29 accepting the McHenry County Conservation District FY 2021 Project List to move forward to the McHenry County Conservation Foundation as presented. The motion died for lack of a second.
A motion was made by Trustee Thomas, seconded by Secretary Campbell, to accept the McHenry County Conservation District FY 2021 Project List with discussion. A roll call vote gave the following results: Henning-yes, Fritz-yes, Campbell-yes, Cook-yes, Thomas-yes, Brandt-no, Scacci-yes.
Motion passed 6 to 1.

Vice President Brandt stated that none of the Trustees are professional fundraisers and the Foundation’s Executive Director liked the large list which allowed for flexibility in talking to potential donors. He considered holding up the list as micromanagement.
Several Trustees were disappointed in not being able meet the Foundation Directors socially before the pandemic. A couple were worried that with a lot of projects, many may only get partially funded and then the projects won’t get done.
Executive Director Flavell stated that the purpose of a longer list would be that with larger donors, they could be leveraged through the use of grants and corporate funds and if they can’t quite complete a project, this would be the time to ask for additional Foundation funding. The Foundation board would like insight from the District as to the top priorities and is comfortable with the list they have seen.
Trustee Cook thanked staff for putting the Pichen Loan funding on the list but would like to see it listed with $500,000 - $1M.
President Scacci reminded those in the meeting that due to the lack of an approved levy increase, the FY 2022 budget will be even more difficult and he doesn’t recommend overwhelming potential donors. He noted that staff has not yet submitted any projects for funding yet.

Director of Land Preservation and Natural Resources Collins was asked about the supplementing of the free native seed nursery to which he responded that staff would like to supplement the existing variety of species on the site but did not want to use tax dollars to do it. He is hopeful that a donor might be interested in assisting with the supplemental seed project allowing for a pollinator grant application either through the Foundation or through the District to be submitted.

President Scacci asked that the Owl Aviary and the Blanding’s turtle enclosure be added back to the list and would like them to move forward as a grant request from existing Foundation funds.

A motion was made by Secretary Campbell, seconded by Treasurer Henning, to adopt Resolution #20-29 to move the McHenry County Conservation District FY 2021 Project List with Items 38 and 39 (Blanding’s turtle Enclosure and Owl Aviary) moved to the next level and the rest of the list as is. A roll call vote gave the following results: Campbell-yes, Cook-yes, Henning-yes, Thomas-yes, Brandt-yes, Fritz-yes, Scacci-yes.

Motion passed unanimously.

15.2 Consideration of Resolution #20-30 approving the amended position description and title for the Land Preservation Manager (Administration - Grade 20) to Land Administration and Preservation Manager (Grade 20) effective April 1, 2020

Executive Director Kessler explained that the request to be considered is a title and job description update to match the work already being done by the employee with no change in salary range classification.

A motion was made by Secretary Campbell, seconded by Trustee Thomas, to adopt Resolution #20-30 approving the amended position description and title for the Land Preservation Manager (Administrative Schedule - Grade 20) to Land Administration and Preservation Manager (Administrative Schedule - Grade 20). A roll call vote gave the following results: Cook-yes, Brandt-yes, Thomas-yes, Henning-yes, Fritz-yes, Campbell-yes, Scacci-yes.

Motion passed unanimously.

16.0 EXECUTIVE DIRECTOR’S REPORT

Executive Director Kessler expressed her deepest appreciation to the staff as the District was in front of the pandemic with the creation of a response team in advance and she was very proud of their work.

Secretary Campbell expressed her appreciation of Executive Director Kessler’s work in a time of crisis and establishing policies and procedures, and noted that the pandemic response team was created 14 days before the Governor declared an emergency. She also listed the planning for a remote board meeting which was
executed with minimal issues and recognized the staff working well as an organized team.

17.0   PUBLIC COMMENTS II
Cynthia Kanner, Environmental Defenders of McHenry County from Algonquin stated that she thought the vote on emergency powers of the Executive Director should have been an easy yes vote because no one know what will happen in the next week and remains appreciative that our parks are open.

18.0   ADJOURN
A motion was made by Treasurer Henning, seconded by Vice President Brandt, to adjourn the meeting. A voice vote resulted in all ayes. Motion passed unanimously. Meeting adjourned at 8:09 p.m. March 24, 2020.
